## Tournament Scores by School

Schools are listed in alphabetical order by current name. Schools which have undergone name changes have notations of such in their listings. Schools which were consolidated with other schools and retained their name and/or their campus are credited with their tournament histories prior to the consolidation, but not with the tournament histories of those schools which they absorbed. Schools which no longer exist or are no longer members of the FHSAA are indicated by “+” following their name. Listing of scores includes all games in the FHSAA State Fall Soccer Series tournaments on the regional, sectional and state levels. For records purposes, games played in district tournaments were not considered a part of the FHSAA State Series until the sport reverted to recognized status in 2005; however, the 2005 district results are unavailable.
